## BUSH ADMINISTRATION'S MISSTATEMENT OF THE DAY - THE BUDGET

WASHINGTON, D.C. - U.S. Representative Jan Schakowsky (D-IL) issued today's "Bush Administration's Misstatement of the Day" on the budget.

During his opening statement today before the House Ways and Means, Secretary of the Treasury said:

*I believe you'll find that this budget reflects the priorities of our nation as well as the leadership of President George W. Bush.* However, the [Bush budget](#) cuts funding for veterans health, housing, job training and other national critical priorities.
